CORE CAPABILITIES

Our technology experts and business professionals analyze, research, design and implement solutions in the areas of:

Consulting

Our Consulting services focus on integrated solutions designed to enhance the performance of your business.

By incorporating industry's best practices into your business processes and management strategies, we can help you stay ahead of the competition and better serve your customers.

Our services include:

- Business Strategy & Planning Support
- Change Management & Facilitation Support
- CMMI Process Development and Assessment Services
- Security Assessment
- Financial/Statistical Analysis
- Training

Technology

Our Technology services focus on developing robust, secure and stable technology solutions for your business. By incorporating common sense solutions into seemingly daunting deliverables, we can ensure at the start of the project that we will safely deliver the product to completion.

Our services include:

- Application & Web, Design & Development
- Commercial Off the Shelf (COTS) Integration
- Data Cleansing & Conversion
- Database Design, Development, & Maintenance
- Architecture Solutions
- Verification & Validation Service

Managed Services

Many companies these days choose to focus on their core strengths and outsource certain business processes.

If you choose to go that route, OpenEyes can help you in the following areas:

- Business Process Outsourcing
- Application Outsourcing
- Resource Management
- Help Desk Services
- Infrastructure Outsourcing
- Network Monitoring
- Quality Control
- Data Analytics
- Network Auditing
